ReliaTrust Technologies, Inc. (ReliaTrust) is committed to protecting your privacy and giving you the most powerful yet secure online experience. You can visit most of our site without providing any information about yourself. But, sometimes we do need information from you to provide the ReliaTrust specific information that you request. This statement of privacy, then, explains the ReliaTrust data collection policy.

Collection of Your Personal Information

ReliaTrust will ask you when we need information that personally identifies you or allows us to contact you. This information is collected when you:
Request additional information on a ReliaTrust product or service.
Send a message to a particular unit within ReliaTrust.
Request information on the ReliaTrust Partnership program.

Also, when you buy and install a new product, we may ask you to register your purchase electronically. When you do, we keep this registration information on file with any information you've already given us on previous visits to our Web site. This is considered your personal profile.

Use of Your Personal Information

We use your personal information for two main purposes:
To make the site easier for you to use by not making you enter your personal information more than once.
To alert you to product upgrades, special offers, updated information, and other new services from ReliaTrust.

We occasionally hire other companies to provide limited services on our behalf, including

packaging, mailing and delivering purchases, answering customer questions about products or services, and sending postal mail.

We will provide those companies only the information they need to deliver the service, and they are prohibited from using that information for any other purpose.

Also, ReliaTrust will disclose your personal information, without notice, only if required to: (a) conform to the edicts of the law or comply with legal process served on ReliaTrust or its Web site or (b) protect and defend the rights or property of ReliaTrust.

Control of Your Personal Information

When you register, or otherwise give ReliaTrust personal information, ReliaTrust will not share that information with third parties without your permission, other than for the purposes stated above.

ReliaTrust may send out periodic e-mails informing you of technical service issues related to a product or service you requested. You will not be able to choose to unsubscribe to these mailings, as they are considered an essential part of how ReliaTrust provides valuable customer service and allows us to deliver the most current product updates to you.

Security of Your Personal Information

ReliaTrust strictly protects the security of your personal information. We carefully protect your data from loss, misuse, unauthorized access or disclosure, alteration, or destruction.

Your personal information is never shared outside the company without your permission, except under conditions explained above. Inside the company, data is stored on password-controlled servers with limited access.

Whenever you send information to ReliaTrust through its Web site, the transaction is processed through a Secure Socket Layer (SSL). The SSL encrypts all user-sensitive information you input before it is sent to us. Furthermore, all of the customer data we collect is protected against unauthorized access.

Please remember that protection of your privacy begins with you. You are solely responsible for maintaining your secrecy, and you should always be careful and responsible whenever disclosing information online. Although we will use all reasonable efforts to safeguard the privacy of your personal information, transmissions made by means of the Internet cannot be made absolutely secure. Therefore, ReliaTrust assumes no liability for disclosure of data due to errors in transmission or unauthorized third parties.
